

St Anne’s Catholic Primary School

Year 6 STEM Fest

1st October 2024

Dear Parents and Carers,

Year 6 children will be taking part in this year’s STEM Fest at the Beacon of Light in Sunderland on Tuesday 8th October 2024. This is a brilliant opportunity for the children to meet scientists and engineers from different job roles across the North East and work closely with them to research, design and build their very own model, which will be entered into a competition on the day.

Children will witness first hand some of the modern technology used in everyday jobs from various companies. This will help to develop their scientific knowledge and understanding, work as a team, build on presentational skills and be inspired by the field of science and engineering.

Children will come to school as normal in their school uniform and they will leave at 9.15am to attend the event. Children will need a packed lunch and water bottle for the day. They will return to school for normal collection time at 3.15pm.

This visit has been subsidised by school and is free of charge. As this is an external event, your child may be photographed, and the images may be used for promotional materials. Please return the consent slip below by **Friday 4th October 2024**.

Yours sincerely,

Mrs L Stokoe

Executive Headteacher

✂.....

Year 6 STEM Fest

I do / do not give consent for my child to attend the STEM Fest visit on Tuesday 8th October 2024.

I do / do not give consent for my child to be photographed at the STEM Fest visit on Tuesday 8th October 2024.

Signed (Parent/Carer)
